a filter that is sensitive for the word “child” and its synonyms would probably be a good place to start, practically speaking.

100 2

otherwise there's not much that would be disallowed online except for hate speech

D... ⚓ 02/09/2022 11:08 PM

it's really easy to detect 'child' with a fuzzy filter, though i dont think that's the only obvious line to filter around

d... 02/09/2022 11:08 PM

though as we've seen, just doing (Name) (Age) can circumvent that

D... ⚓ 02/09/2022 11:09 PM

that's a good test case
